

Webinar “Strengthening Africa-Europe Collaboration: Advancing Personalised Medicine through a Unified Action Plan”

20th January at 13:00 CET

Objectives

- Provide an overview of the key components, goals, and strategies outlined in the Action Plan, focusing on its relevance to African healthcare systems and populations.
- Identify opportunities for continued collaboration between Africa and Europe in advancing Personalised Medicine, with a focus on capacity-building, funding, and long-term sustainability.
- Encourage active participation from attendees to discuss the challenges, opportunities, and priorities for implementing Personalised Medicine across Africa and how Africa-Europe collaboration can accelerate progress.
